

AI DOUBLE DOT

Transform your Python developers
into AI innovators with our
Knowledge Assistance Platform

deeptuned.ai

ARE YOU STRUGGLING TO IMPLEMENT **AI SOLUTIONS** ALONE?

If so, then let our experts guide you and **ACCELERATE** the process!

How about working with

DEEPTUNED.AI?

Where our mission is to generate powerful knowledge models that capture domain expertise and provide problem-solving skills for downstream AI-powered learning and problem solving use cases.

▶▶▶ We bring you...

AI DOUBLE DOT

A sophisticated platform that leverages our knowledge models to
empower non AI/ML engineers
to confidently implement AI/ML solutions for their unique challenges.

HOW DO WE DO THAT?

Here's how...

We have built a **sophisticated platform** that enables:

▶ EXPERT VERIFIED KNOWLEDGE

We feed relevant & verified knowledge into our platform and fine-tune our AI assistants to understand your domain, problem context & team skill levels to effectively assist your team.

▶ LEARN AS YOU BUILD

Our AI agents are tuned to create contextual micro-learning opportunities to learn "whys" and "hows"

What are the usual

PROBLEMS

faced by your tech team?

- ▶ AI TALENT GAP?
- ▶ STAYING RELEVANT?
- ▶ PROJECT RISKS?
- ▶ BALANCING CORE FOCUS?
- ▶ TIME-TO-MARKET DELAYS?

AI TALENT GAP

Building an in-house AI/ML expertise is costly and time consuming, with scarcely specialised AI experts.

STAYING RELEVANT

Challenges of keeping up with rapidly evolving AI and choosing familiar solutions over more cutting-edge ones.

PROJECT RISKS

Data challenges and incorrect problem formulations can risk success rates and viability of the solutions.

TIME-TO-MARKET DELAYS

Even simple AI projects without expert guidance can derail impending AI-powered product innovations.

BALANCING CORE FOCUS

Attempting to handle AI innovations internally can divert attention and resources away from the company's core business objectives

So, how can AI DOUBLE DOT

SOLVE YOUR PROBLEMS?

- ▶ VERIFIED EXPERT KNOWLEDGE

- ▶ INTERACTIVE AI ASSISTANCE

- ▶ EXPERT-IN-THE-LOOP SUPPORT

- ▶ TASK ORIENTED MICRO LEARNING

- ▶ IN-PERSON EXPERT ACCESS

VERIFIED EXPERT KNOWLEDGE

Our experts study your use case and curate verified domain knowledge, know-hows and recommended approaches for your problems

INTERACTIVE AI ASSISTANCE

Our platform delivers the expert-curated knowledge to your team via AI-powered interfaces, assisting them to learn and implement the solutions

EXPERT-IN-THE-LOOP SUPPORT

Unaddressed scenarios are routed to experts, who besides resolving them update the platform, constantly improving the assistance quality

TASK ORIENTED MICRO LEARNING

Contextual, laser-sharp learning paths are generated to keep teams abreast with knowledge & skills relevant to the task at hand

IN-PERSON EXPERT ACCESS

Regular live interactions to ensure your teams efforts or in line with the recommended solutions, enabling expert interventions if necessary

WHAT ARE WE BRINGING FOR YOUR TEAM?
