ABOUT THE GAME

Tipi tipi tap, What will you get? is a paper game inspired by an old school game called Tipi Tipi Tap, what colour you want?

In this extended version, the player randomly chooses a section and on opening, the player has to play the game according to that particular section to be in the game.

HOW TO PLAY?

For eg : When the host operates Tipi Tipi Tap and says Tipi Tap Tap what will you get?

If the player gets let's say 'Quiz' section, then he has to answer some of the basic questions that are there in the 'QUIZ' section of the game.

03

You Got a Bite!

In this section you have been bitten by 'Bittu the mosquito' who spreads this disease.

You can only save yourself by having the card pills that comes with the game.

Only these pills can save you from my bite!

Spread the word!

In this section you have got a dare! You have to spread the information about Lymphatic Filariasis disease to five people in next ten minutes.

Your time starts now!

Hi! I am Bittu the mosquito! I am specialised in causing a life-long disease commonly known as Lymphatic Filariasis. I have a record of infecting 650 million people in endemic areas of India.

My name is Bittu because I will bite you!

EVER HEARD OF LYMPHATIC FILARIASIS?

YOU MAY HAVE IT!

Lymphatic Filariasis (commonly known as Elephantiasis) is a neglected tropical disease, wherein, filarial parasites are transmitted to humans through the bite of Culex mosquitoes.

339 Districts in 20 States & UTs have active transmission.

LYMPHATIC FILARIASIS

I am Bittu because I'll bite you!

Out of 882 million in the world, 650 million people are at risk of getting infected in INDIA!

The National Center for Vector Borne Diseases Control (NCVBDC) administers an umbrella programme, namely, National Vector Borne Diseases Control Programme (NVBDCP) for prevention and control of vector borne diseases namely Lymphatic Filariasis.

The States/UTs are responsible for implementation of the programme, whereas NCVBDC provides technical and financial assistance to the States/UTs in the form of cash & commodity, under the overarching umbrella scheme of National Health Mission (NHM).

These people are ruining my plan to cause more harm!

Let me tell you more about them... at <https://ncvbdc.mohfw.gov.in/>
